LET US TACKLE YOUR TOUGH ADHESIVE PROBLEMS

You benefit from <u>better</u> products at <u>lower</u> costs because of American-Marietta Research

For many years the lumber industry has called upon us to solve a lot of tough adhesive and glue problems.

Developing a product to meet a specific need is one thing. To manufacture it in the necessary quantities and at the *right price* is another.

We do both.

That's why we urge you to discuss your problems with us. In developing new formulas, in laboratory facilities, in manufacturing know-how, and in service—American-Marietta stands unexcelled.

For the best in PROTEIN or SYNTHETIC adhesives; PHENOLIC, PRECIPITATING or IMPREGNATING RESINS . . . and SEALERS—look to American-Marietta!

Take advantage of our complete facilities. Write, wire—or phone us at Seattle, MAin-3536 today!

American-Marietta Company

Adhesive, Resin and Chemical Division

3400 13th Ave., S. W., Seattle 4, Wash.
